

Donor Impact Report

2022-2023

“Alpha Phi Foundation has given me so much more than I could have ever imagined, and for that, I am beyond grateful.”

Isabelle Mazgaj (Eta Eta-Seton Hall)
Recipient of the Sally McCall Grant Scholarship

Letter from the Board Chair

Sisters and Friends,

What a rewarding year for Alpha Phi Foundation! Thank you for being part of it.

This marked the first full year following our monumental *Leading With Heart* campaign and we embraced incredible opportunities and new challenges with open arms. Undoubtedly, the loyalty rooted in the very foundation of our beloved sisterhood triumphed due to the continued generosity of supporters like you.

It feels like we were just celebrating the 150th anniversary of those ten brave women, who gathered together in search of equality and opportunity with confidence and faith in one another. Now in Alpha Phi's 151st year, the goals of the Foundation and the programs we so proudly fund are similar at their core.

Now more than ever, Alpha Phi Foundation and our sisters proudly displayed within these pages, have created a new generation of women of impact through gifts of time, talent, and treasure. Each year, the exceptional leadership programs offered by Alpha Phi Fraternity and funded by Alpha Phi Foundation continue to evolve to meet the fundamental needs of women today. From mental health resources to professionally developed career coaching, Alpha Phi is committed to the comprehensive development of tomorrow's leaders, ensuring women always have the tools to use their voices.

As many of you know, Alpha Phi is much more than four years in college; it is a lifetime commitment. Your continued contribution to Alpha Phi Foundation not only provides a lifelong network of support and sisterhood through leadership programs, scholarship, heart health awareness, and emergency assistance, but the intrinsic value of giving back contributes to personal wellness and sustained restorative connection to Alpha Phi.

By making a gift to Alpha Phi Foundation, you have given the gift of empowerment to others. As you turn these pages that so beautifully illustrate your impact, I hope the powerful words and smiling faces of your sisters reflect the importance of your continued support and loyalty.

Thank you for sharing your time, talent, and treasure with our sisterhood.

Loyally,

Rebecca Andrew Zanatta
(Beta Rho-Washington State)

Leadership

\$1.5M in grants to Alpha Phi Fraternity to support programming

We proudly supported one of Alpha Phi's newest endeavors in 2022-2023—the Leadership Programming Consultant (LPC) Program, established as an extension of the successful Educational Leadership Consultant (ELC) program.

Leadership Programming Consultants assist the Fraternity in supporting established and new chapters across North America. The LPC experience develops recent alumnae into professional leaders by cultivating skills they will use in their future careers, no matter which field they pursue. LPCs keep a pulse on our chapters at the ground level, offering their keen vision and analysis to move our organization forward. LPCs work to identify emerging leaders at collegiate

chapters and provide collegians and advisors with mentorship, guidance and encouragement to assume leadership roles and participate in Fraternity programs. ELCs also facilitate other Foundation-supported Fraternity Leadership programming at the chapter level including The Buzz, StepUp!, and more. Thank you to Alpha Phi Foundation donors for making these programs possible.

The 2022-2023 Consultants made more than 400 visits.

League of Coaches

League of Coaches is comprised of a diverse group of alumnae volunteers and industry experts who share their time, talent and treasure to advancing the Fraternity through harm reduction programming.

The League of Coaches is integral to the delivery of programs like The Buzz, which focuses on safe choices regarding alcohol, and StepUp!, which provides members tangible ways to intervene in situations relevant to today's chapter experience.

1,700 collegiate members received StepUp and The Buzz training through League of Coaches in FY23.

“To summarize my love and investment for the Alpha Phi Foundation isn’t easy. When I was in college, I lost my dad to a heart attack when he was only 51. That is when I began to see the crucial impact of the Foundation because I knew then that I had a genetic predisposition to heart disease. After graduating, I was given the opportunity to join the League of Coaches. I have established my career as a therapist specializing in the fields of substance abuse and trauma so I love presenting our StepUp and The Buzz programs to Alpha Phis while integrating my knowledge of these topics. I am forever grateful for what the Foundation has given to me, both personally and professionally.”

Chapter Leadership Fund Grants

Jackee Schools Eta Lambda Leadership Fund leaves a lasting impact on George Mason Alpha Phis.

“Through the Jackee Schools Eta Lambda Leadership Fund, the chapter was able to offer an opportunity for the entire George Mason University Greek community to learn, develop, and grow with meaningful dialogue. Michelle Guobadia’s relevant and engaging session “Be a Dream Maker: Your Role in Making Fraternity and Sorority Life Great” was a wake up call to collegiate chapter members highlighting how their behaviors may be detrimental to the fraternal experience. More importantly, her straight talk provided members of the Panhellenic, IFC and Multi-Cultural Council organizations the tools needed to make sure the GMU fraternal community not only survives but thrives.”

Jackee Schools
(Eta Lambda–George Mason)

“Because of the Jackee Schools Eta Lambda Leadership Fund, Alpha Phi was able to provide an engaging and insightful experience for not only our chapter, but for the entire Greek Community at George Mason. Michelle Guobadia delivered the truths about George Mason Greek life exactly as they were and delivered exactly what we all needed to hear. Leaving that presentation, I was able to talk to many of my sisters who felt called to action and compelled to make her suggestions a reality for our chapter and our community. Without the generous support of the Alpha Phi Foundation, this community building would not have been possible. Alpha Phi Eta Lambda thanks you all!”

Scholarship Recipients

Stories from our Scholars

CAROL GROHMANN COPELAND AND JAMES COPELAND
DELTA BETA SCHOLARSHIP

“I am extremely grateful to be a recipient of the Carol Grohmann Copeland and James Copeland Delta Beta Scholarship. This scholarship will allow me to finish out my final semester as an undergraduate while remaining the President of my chapter. Alpha Phi has provided me with a wide range of opportunities, and this scholarship is one of many. As a recipient, I will be able to graduate with a Bachelors of Science in Physics with an emphasis in Biophysics and a second major in Biological Sciences, which will allow me to pursue my dream of becoming a medical physicist having to worry about finances.

Heart Health

2023 \$100K Grant Recipient

University of Florida Health

"Through its philanthropy, Alpha Phi is directly improving women's heart health."

Dr. Ellen Keeley

"We are building the future of how we treat women and cardiac disease."

Colleen Sirhal, RN, BSN, CPHIMS
(Theta-Michigan) Past Chair of the
Heart to Heart Advisory Council

Alpha Phi Foundation is pleased to announce the University of Florida as the recipient of the 2023 Heart to Heart Grant. Awarded annually, the Heart to Heart Grant funds research and educational programs that support the advancement of women's heart health and cardiac care.

The University of Florida will use their \$100,000 grant for the project **Hearts on Fire: Targeting Inflammation in Women with Heart Failure with Preserved Ejection Fraction**. A diagnosis particularly prevalent in women, Heart Failure with Preserved Ejection Fraction (HFpEF) occurs when the heart pumps normally but does not relax properly. Project Investigator Dr. Ellen Keeley, MD is hopeful that the techniques utilized in this study, which builds off an existing NIH study on HFpEF led by her Co-Investigator Dr. Carl Pepine, MD, will offer a greater approach to diagnosing, treating, and monitoring HFpEF.

Equally important to Dr. Keeley is her team's dedication to mentorship of the future leaders in science and medicine, specifically young women pursuing a career in cardiology. This high proportion of female leaders fosters an incredible environment for members of Alpha Phi to be involved in research, learn about heart health, and carve pathways to their futures with world-class mentors. Members of the Kappa Eta chapter of Alpha Phi at the University of Florida will have the opportunity to participate in internships on this project, as well as interacting with the investigators through campus events.

Clara Bradley Burdette Society

To our Clara Bradley Burdette Society members, thank you for including Alpha Phi Foundation as a part of your legacy.

Named in honor of philanthropist and Founder, Clara Bradley Burdette, this Society was established to recognize members who desire to leave a legacy for our sisterhood by naming Alpha Phi Foundation in their estate plans. It is never too early to think about planning your future gift to the Foundation.
