

2019-2020

IMPACT BY THE NUMBERS

Through the generosity of sisters, families, and friends, Alpha Phi Foundation continues to fulfill our mission of advancing women's lives through the power of philanthropy. This past year we deepened our impact as more Alpha Phis received life-changing scholarships and grants and as our Women's Heart Health Program funded innovation and advances to improve heart health outcomes for women. Your contributions make a lasting impact on members and in communities. Thank you for **leading with heart!**

LEADERSHIP
